

Monday 2nd March, 2020

Dear ISB Community,

In response to the COVID-19 coronavirus, ISB closed its physical school campus last week and moved to a virtual learning environment (VLE). Our teachers have been working tirelessly to provide the best possible learning experience for your child during this time.

This afternoon, the Busan Metropolitan City Office of Education announced that the school closure would be extended until Friday 20th March.

We will continue to offer a virtual learning environment during this closure.

We rely on your feedback and continued support to make online learning a positive and successful experience for your child. At the end of the day on Wednesday we will be sending out a new VLE survey to Elementary parents and Secondary students. We will use the responses from these surveys to make improvements to our online programmes.

I would like to thank you all for your continued support at this challenging time. We will continue to share all updates and information on the ISB Response Page on the [School Website](#).

Yours faithfully,

Simon McCloskey
Head of School
